Pattern Recognition Letters

Authorship Confirmation

Manuscript: Order and entropy of lattices of unit vectors in d dimensions: label-free discovery of unusual local organization in simulated lattices and synthetic images (submission PRLETTERS-D-26-02906)

As corresponding author I, Leon Sandler, hereby confirm on behalf of all authors that:

1. This manuscript, or a large part of it, has not been published, was not, and is not being submitted to any other journal.

2. If presented at or submitted to or published at a conference(s), the conference(s) is (are) identified and substantial justification for re-publication is presented below. A copy of conference paper(s) is(are) uploaded with the manuscript.

3. If the manuscript appears as a preprint anywhere on the web, e.g. arXiv, etc., it is identified below. The preprint should include a statement that the paper is under consideration at Pattern Recognition Letters.

4. All text and graphics, except for those marked with sources, are original works of the authors, and all necessary permissions for publication were secured prior to submission of the manuscript.

5. All authors each made a significant contribution to the research reported and have read and approved the submitted manuscript.

Signature: _____ Date: _____

(sole author: Leon Sandler)

List any pre-prints:

Zenodo (open repository), earlier versions of this work with a different title and framing: manuscript record https://doi.org/10.5281/zenodo.24066256 (all versions); software record https://doi.org/10.5281/zenodo.24066260 (all versions). A ChemRxiv posting of the present manuscript is planned and, if made, will state that the paper is under consideration at Pattern Recognition Letters.

Relevant Conference publication(s) (submitted, accepted, or published):

None.

Justification for re-publication:

Not applicable.
